Noche de los Rábanos Carving Planning

Brainstorm something that is important to you and your culture around this time of year.

What is something that represents you?

Example: I have Polish heritage so every year we handmake pierogis for Christmas.

How are you going to visually represent this? Think of images, materials, and symbols.

Example: I will carve the radish into a pierogi. Maybe carve other radishes to show bowls of the filling: potatoes, sauerkraut, and cheese. I might use other materials like marigold flowers to be the ingredients in the bowls. I might use toothpicks to assemble everything together.

Exit Ticket (What I need to see before class is over): Rough draft of your Artist Statement. Please include:

- Name _____

- Where you are from _____

- The tradition that you are carving

- How you will represent it

Opinion: where should we display the radishes in our school?
